4. Conditions for the issuing of permits

4.1 Permits for the products specified in the Table, will be allocated on the basis of the following categories, unless specified differently in the Table:

- (a) 10% to BEE importers.
- (b) 20% to SMME and new importers.
- (c) 70% to Historical importers.

NB. Should there be a difference on the allocation basis between the provision of 4.1 above and the Table, the allocation basis in the Table will take precedent.

4.2 The allocation of quotas for permits will be done as follows:

- (a) SMME and new importers on an equal basis.
- (b) BEE importers either on an equal basis or as a historical importer, whichever will enhance government policy for BEE development.
- (c) Historical importers in proportion to the average quantity of the product concerned, imported by the applicant during the past three years (submitted for each year as from 1 November to 31 October) or the period stipulated for the product in column 5 of the Table.

4.3 The quantity imported by a historical importer will be calculated on the basis of a detailed list of bills of entry for the product concerned submitted together with the application form, for the period stipulated for the product in column 5 of the Table.

- 4.4
- (a) If the allocation for a particular category is not fully utilised, the balance may be re-allocated to the other categories, or may be held over for the particular category for the following application period stipulated for the year under consideration.
 - (b) In order to enhance government policy on BEE's, quotas for importers in the SMME and new importer's category, as well as the BEE category can be combined to ensure the most beneficial allocation.

4.5 If the market share for a particular applicant exceeds the limit for dominant firms contemplated in section 7(a)-(c) of the Competition Act, Act 89 of 1998 as amended; the Department can adjust the allocation formula to create fair competition within that industry sector.

4.6 Despite any provision in other law, applicants registered as joint ventures, mergers, consortiums, holding companies or other similar business arrangements are not allowed to apply separately from their subsidiaries, minority shareholders or divisions for the same product, as this will establish an unfair advantage towards other applicants.

4.7 A lost permit will only be replaced if an affidavit in this regard has been submitted and the Department is satisfied that the applicant acted in good faith and took the necessary steps to recover the original permit, as well as undertake to return the original permit if it is found. The pro forma of the affidavit is electronically available on the departmental website <http://www.daff.gov.za> or on request from TimothyM@daff.gov.za/ SisiC@daff.gov.za;

A declaration confirming their EME status, signed by a Financial Accountant must be submitted to the Department of Agriculture, Forestry and Fisheries. The envisaged AgriBEE Sector Code under Section 9 will indicate the turnover threshold levels for Exempted Micro Enterprises (EME's) and Qualifying Small Enterprises (QSE's).

- 7.4 The AgriBEE Charter applies to multinational businesses or South African multinationals whose business falls within the scope of the Charter as defined in the Broad Based Black Empowerment Act, 2003 (Act No 53 of 2003). A specific regime for multinationals exists in the Codes of Good Practice and will apply.
- 7.5 Enterprises using agricultural or agricultural related products for processing and / or manufacturing products in a multidiscipline sector will be evaluated according to the AgriBEE Charter.
- 7.6 Companies or businesses, irrespective of the size (large, medium, small, very small or micro) have to do a proper evaluation in terms of the indicative AgriBEE Scorecard to indicate their progress towards BEE compliance as at 31 October 2011.
- 7.7 Only BEE verification certificates issued by Accredited Verification Agencies or Verification Agencies that are in possession of a valid pre-assessment letter from South African National Accreditation Systems will be valid.
