#### 3. FOREWORD BY THE MINISTER

The Independent Police Investigative Directorate (IPID) is charged with the oversight responsibility over the South African Police Services (SAPS) and Municipal Police Services (MPS). IPID discharges its mandate by conducting independent and impartial investigations of the identified criminal offenses allegedly committed by the SAPS and the MPS members, subsequent to the investigation they make appropriate recommendations for justice.

As the Ministry, we continue to support IPID in its constitutional mandate to ensure that this institution continues to execute its mandate and ensure professionalisation of police service to restore the public confidence in the police service.

The Directorate has been without a permanent head for more than a year, I would like to appreciate the Chief Financial Officer, Mr VO Senna and the Director Finance, Mr PM Setshedi for holding the forte during this period.

For the first time in the history of IPID a female head, Ms Dikeledi Jennifer Ntlatseng was appointed as the Executive Director to lead the Directorate. I remain confident that she will strategically continue to lead the Directorate to the right direction and bring the necessary stability that IPID needs.

Gender Based Violence and Femicide is the second pandemic that South Africa is faced with, I urge IPID to expedite and prioritise the investigations of rape and death by police officers within a reasonable time frame. The Ministry of Police continues to provide support to IPID in its efforts of rooting out any form of transgression of the law in the ranks of SAPS and MPS.

I took cognisance of some of the challenges encountered by IPID which affects the independency and operations of the organisation and I have since commenced with engagements to address such. The IPID amendment Act no 27 of 2019 was signed by the President into law in order to strengthen the independency of the Directorate, particularly on the appointment of the Executive Director. In the meantime, the amendment of the IPID Act Bill is continuing in order to address the identified shortcomings in the Act that prevent the attainment of the IPID mandate.

Therefore, IPID must continue to implement its legislative mandate of its investigation of any alleged police misconduct independently so, without fear, without favour nor prejudice.

Minister of the Police (MP)

#### 4. DEPUTY MINISTER STATEMENT

The Independent Police Investigative Directorate (IPID) as mandated by the IPID Act of 2011 plays a very central and significant role of investigative oversight which ensures policing that is committed to key principles of respect for the rule of law and human rights. Within the policing fraternity, trust and confidence of our society is imperative to ensure effective crime prevention and eradication of crime in this country.

This Ministry supports IPID in its responsibility of independently investigating alleged misconduct and crimes committed by South African

Police Services and Municipal Police Services. Police officials made a commitment, through the code of ethics that they will abide and be law obedient in their service, serve the country with integrity and respect for people's diversity and the law by enhancing service excellence to the approval of the public.

IPID must continue to eradicate corruption and root out corrupt elements in the SAPS and MPS environment. The Directorate is also part of the Fusion Centre that has been established to strengthen the fight against corruption. Any police misconduct and criminality must be thoroughly investigated without prejudice to ensure protection of citizens and justice for the victims of police as a result of police action.

The Department through community outreach programmes continued to access the most vulnerable parts of the community which includes women, children and people living with disabilities. Through these programmes IPID was able to educate and create awareness in respect to its constitutional mandate.

Despite the challenges the Directorate has faced particularly on resource constraints, investigators continued to show commitment in executing their responsibilities in line with the IPID mandate.

In light of the above, I would like to encourage and support IPID in contributing towards the professionalisation of the police service in collaboration with other stakeholders within the Ministry.

Mr C Mathale

Deputy Minister of Police (MP)

#### 5. REPORT OF THE ACCOUNTING OFFICER

#### Overview of the operations of the Department

The Independent Police Investigation Directorate (IPID) was left without a permanent head after the departure of the previous head in February 2019. The Chief Financial Officer and Director: Finance were subsequently appointed to act in the vacant position as head of the Directorate from March 2019 to February 2020 and March 2020 to July 2020 respectively. I therefore started with the Directorate as the Executive Director in August 2020 after the end of the financial year under review.

The IPID still faces challenges when it comes to accommodation for its National Office. The lease for the National Office was declared invalid by the North Gauteng High Court. As a result of the invalid lease contract, the Auditor-General of South Africa (AGSA) has declared the costs incurred on the monthly lease rental as irregular expenditure that was disclosed in our 2019/20 Annual Financial Statements. The Directorate has since engaged National Treasury and Department of Public Works (DPW) to address the decision as the contract arrangement was between the landlord and the DPW, not with IPID. In the meantime, the Directorate is expecting to relocate its National Office to the new office building as soon as the landlord is done with the partitioning of the offices.

Given the limited available resources, the Directorate continued to prioritise the investigation of high impact cases which includes; corruption, systemic corruption, death in custody, death as a result of police action, rape by police officer whether on or off duty and rape in police custody.

The reality of the constrained financial resources affected the performance of the core programme, Investigation and Information Management. Despite the challenges the Directorate is faced with, Investigators continued to show commitment in executing IPID's mandate. In 2019/2020 the Directorate managed to secure 175 disciplinary convictions which led to dismissal of 29 police officers from the South African Police Service (SAPS) for offences related to rape, death, corruption, assault and discharge of an official fire-arm.

A total number of 69 criminal convictions were secured across all Provinces; Gauteng with 19, Free State with 10 and Eastern Cape with 8 convictions. Some of the highest sentences secured during the period under review were three (3) life sentence imprisonments from Gauteng. In addition, the Directorate investigated and secured 30 and 20 years' imprisonment from KwaZulu-Natal (KZN) and Gauteng provinces respectively. A total number of eleven (11) for 15 years to 18 years' imprisonment in five (5) Provinces and six (6) of 10 years' imprisonment in two (2) Provinces, Gauteng and KwaZulu-Natal, were secured due to the improved quality of the investigation.

IPID has intensified its human resource development and training programme for investigators to focus on, among other things, specialised investigations. This has improved the overall quality and turnaround time for investigations. The efforts resulted in the Directorate exceeding its training and development target by achieving 12 against the 7 planned performance target.

The Directorate has not met the number of personnel, both in core and support services required by IPID to meet its policy outcomes and performance indicators. This reality puts considerable pressure on the few human resources who have to deal with the heavy workload including backlog cases. To implement its mandate of independence, the IPID should ideally have developed its own capacity to fully investigate cases, including the technical, forensic and ballistic side of its investigations.

The Directorate has finally managed to reprioritise its limited budget allocation to partially implement the long outstanding implementation of Section 23 of the IPID Act. This is the section on condition of services that requires IPID investigators to be paid on par with SAPS detectives. The matter has been pending since the implementation of the IPID Act in 2012 and resulted in legal battle between the Directorate and organised labour. The commencement of the implementation of this section particularly for active investigators, assisted the Directorate in boosting the morale of the Investigators.

However, it must be noted that, the implementation of Section 23 has added a spending pressure on a limited budget allocation since the funds that were set aside by the Directorate could not cover the required costs. The Court Order on Section 23 is still not fully complied with; as the backdated payments for exited investigators and other allowances for active members are still outstanding. The management will continue to reprioritise its budget allocation to accommodate the payment of Section 23 until all members, active and exited are paid.

Along with the Civilian Secretariat for Police Service, the Directorate is the primary oversight body of the police service. During the period under review, the Directorate met quarterly with the Civilian Secretariat for Police Service to discuss collective measures that should be taken by both departments to advance the professionalisation of the police service as envisaged in the National Development Plan. The Directorate also worked closely with the Civilian Secretariat for Police Service to ensure that there is regular and stringent monitoring of the implementation of disciplinary recommendations made to the South African Police Service.

Monthly meetings were held with the Civilian Secretariat for Police Service and the South African Police Service to review monthly statistics in relation to the implementation of disciplinary recommendations forwarded to the police service and cases referred to the National Prosecuting Authority for prosecution.

As a result of strengthening our stakeholder engagements, the Directorate was successfully able to achieve 143 against 136 planned performance target. IPID has also managed to conduct 47 community outreach events against the 40 planned performance target which were intended to create awareness to the citizens in respect of IPID mandate and services. The Department continued to access the most vulnerable parts of the communities, which include women, children and people living with disabilities.

Notwithstanding the challenging environment, the IPID worked very hard to address the issues raised by the AGSA in the previous financial year and I am pleased to say that the Directorate received an unqualified audit opinion in 2019/20 financial year. This outcome will encourage the team to continue to work towards achieving a clean audit.

Due to the dilapidated ICT infrastructure, a plan was developed and implemented to address the identified weaknesses. The activities such as Network Upgrade, Information Security Upgrade and procurement of End User equipment were implemented as part of the ICT Infrastructure Plan.

The amendment of IPID Act Bill process is continuing and once finalised, it will address all identified shortcomings in the Act that prevent attainment of its mandate due to number of factors such as independency, condition of services and structural operations. The IPID Act amendment Bill will among others ensure the expansion of IPID oversight role over the police services by including other law enforcement agencies such as Provincial Traffic, Road Traffic Management Corporation (RTMC), Western Cape Law enforcement and Regional/Local Municipal Police.

The Independent Police Investigative Directorate (IPID) is not one of the main revenue generating departments. Its core mandate is to ensure effective and independent oversight of the South African Police Services (SAPS) and Municipal Police Services (MPS). The policy mandate of the IPID is purely on investigation which is a free government service. The insignificant amount of revenue reported, is mainly on refunds and sales of tender documents.

As at 31 March 2020, the Department spent an overall actual expenditure of R 336 610 000 against the annual adjusted budget of R336 653 000. The reported actual expenditure translates to 99.99% against the target of 100% which resulted in 0.01% under-spending which amounts to R43 000.00.

#### **Programme 1: Administration**

The Programme reported overall actual expenditure of R87 076 311 against the allocated budget of R87 086 293, which translated to 99.99% of the allocated budget. The bulk of spending in this Programme was mainly on centralised support services such as office accommodation, head office cleaning and security services as well as fleet management services. The main cost drivers for the financial year were payments made on fleet services, property payments, audit costs, operating leases and legal costs. In addition, communication has also consumed the bulk of budget due to the centralised Information Communication Technology (ICT) related activities such as renewal of various licenses, data lines, mainframe services and internet services.

The delayed relocation of IPID National Office resulted in savings being realised within Goods and Services and most of these savings were mainly on Security Management and ICT.

#### **Programme 2: Investigation and Information Management**

The Programme reported an overall actual expenditure of R233 381 422 against the allocated budget of R233 382 725, which translated to 100% spending. The bulk of spending continued to be on compensation of employees and travel & accommodation incurred during consultations with witnesses, visiting crime scenes and attendance of court on various cases under investigation. Due to limited funding, continuous prioritisation of case is done to focus more on high impact cases such as corruption, death in police custody, death as result of police action, rape by police officer and rape while in police custody.

The Programme's expenditure was also impacted by the implementation of Section 23 of the IPID Act. The implementation of Section 23 was mainly funded through savings and reprioritisation of funds. As at 31 March 2020, the Department was able to settle pension liability for all active members with Government Employee Pension Fund (GEPF), processed backdated payments and adjustment of notches for all Investigators on salary level 7 and 8.

#### **Programme 3: Legal and Investigation Advisory Services**

The Programme reported an overall actual expenditure of R5 320 627 against the allocated budget of R5 348 122, which translated to 99.49% spending. The Programme underspent by 0.51% of its total allocated budget. Travel and Subsistence remained the cost driver for the Programmes. A virement amounting of R465 054 was applied from this Programme to Programme 2 to fund the implementation of Section 23.

#### **Programme 4: Compliance Monitoring and Stakeholder Management**

The Programme reported an overall actual expenditure of R10 831 501 against the allocated budget of R 10 835 860, which translated to 100%. Travel and Subsistence mainly on accommodation and air transport remained to be some of the main cost drivers for the Programme. This is mainly due to stakeholder engagements and community outreaches undertaken by this Programme.

#### **Virements**

The following virements were done to allow for implementation of Section 23

- An amount of R5 485 000 was moved from Programme 1: Corporate Services to Programme 2: Investigations and Information Management
- An amount of R465 054 was moved from Programme 3: Legal and Investigation Advisory Services to Programme 2: Investigations and Information Management.
- An amount of R942 140 was moved from Programme 4: Compliance Monitoring and Stakeholder Management to Programme 2: Investigations and Information Management.

#### **Roll overs**

The Department did not apply for roll over in the financial year under review.

#### **Unauthorised Expenditure**

The Department did not incur any unauthorised expenditure during the year under review. The reported amount in the 2019/20 financial statements is made of over expenditure incurred by the then Independent Complaint Directorate (ICD) in Programme 3 and 2 during the 2005/06 and 2008/09 financial years respectively. The submission with the supporting documents requesting the authorisation of the disclosed amount has since been submitted to Standing Committee on Public Accounts (SCOPA) through National Treasury for their consideration, however by end of the financial year, the approval for authorisation was not yet granted.

#### **Irregular Expenditure**

The Department registered an amount of R68. 8 million in respect of Irregular Expenditure incurred during the year under review.

#### **Fruitless and Wasteful Expenditure**

The Department registered an amount of R93 000.00 in respect of Fruitless and Wasteful Expenditure during the year under review.

#### **Public Private Partnerships**

The Department did not enter into any Public Private Partnership (PPP) transaction before and during the period under review.

#### Discontinued Activities / Activities to be Discontinued

The Department operated within its IPID Act No: 1 of 2011 mandate and did not discontinue any of its functions as outlined in the Act during the year under review.

#### **New or Proposed Activities**

The Department due to the Budgetary constraints, did not implement any new or proposed activities.

#### **Supply Chain Management**

During the period under review, the Department did not receive any unsolicited bid proposal.

The Department has established a Financial Misconduct Committee (FMC) to evaluate all unwanted expenditures and advise the Accounting Officer on appropriate actions to be taken. The Department also developed and implemented payment checklist that assisted end users to identify any non-compliance with the applicable prescripts.

Managers were in various management meetings encouraged to immediately report any suspected cases of unwanted expenditure to the established committee. The Department continued as part of its statutory financial reporting to compile and submit to National Treasury the In-Year Monitoring report (IYM).

#### Challenges experienced in SCM and how they were resolved

- Staff turnover in the Supply Chain Management Unit due to high operational demands caused by limited capacity had an impact on operations of the Unit since the internal control systems cannot be sustained.
- The current SCM structure is not adequate to deal with current workload, allow for segregation of duties and maintain internal control systems. SCM practitioners with the demand, acquisition, invoicing and contract management knowledge are still required in the Department to allow for segregation of duties as well as improving compliance to SCM processes.

#### Gifts, Donations and Sponsorships

The following donations and sponsorships were received during the period under review and were recorded on the Gift, Donations and Sponsorship Register and disclosed in the Annual Financial Statements:

- A donation for an Advance Driving (High Performance Driving) course amounting to R14 000.00 was registered as donations received in kind from Volkswagen South Africa.
- Sponsorship was received for attendance of annual Employee Assistance Professionals Association (EAPA) workshop by Employee Health and Wellness (EHW) from Employee Assistance Professionals Association South Africa (EAPA-SA) Board amounting to the value of R19 087.00
- Sponsorship was received from African Policing Civilian Oversight Forum (APCOF) for travel arrangement for the Acting Executive Director to attend a Round Table discussion in Nigeria to the value of R17 942.00

#### **Exemptions and Deviations received from the National Treasury**

• No deviations were received from National Treasury.

#### Events after the reporting date

- A claim amounting to R691 614.45 was received by the Department from the Civilian Secretariat of Police (CSP) which relates to costs incurred during the recruitment process of the post of Executive Director of IPID. The claim was only brought to the attention of the Department after the reporting date and therefore is considered a non-adjusting event in line with the Modified Cash Standard (MCS).
- In compliance to the Concourt McBride judgement the Parliament concluded the Committee Bill which was then assented by the President on 26 May 2020.
- Ms DJ Ntlatseng was appointed as IPID's Executive Director with effect from 01 August 2020.

#### Other

• The department is not aware of any material fact or circumstances not addressed for the year under review, which may have an effect on the understanding of the financial state of affairs.

#### Acknowledgement/s or Appreciation

I would like to take this opportunity to thank all our stakeholders for their continuing trust and support. I appreciate the commitment of IPID staff and management; and also thank Political Principals and Parliament for their support, leadership and oversight role. A special thank you to members of the community for their unwavering support and confidence.

#### Conclusion

It is through seeing our actions that the members of public will have faith and trust in the criminal justice system. We must therefore continue to restore public trust by acting lawfully without fear, favour or prejudice.

I, hereby present the 2019/20 Annual Report of the Independent Police Investigative Directorate.

#### Approval and sign off

The Annual Financial Statements set out on pages 134 to 202 have been approved by the Accounting Officer.

Ms DJ Ntlatseng

Accounting Officer

Independent Police Investigative Directorate

Date: 06/11/2020

## 6. STATEMENT OF RESPONSIBILITY AND CONFIRMATION OF ACCURACY FOR THE ANNUAL REPORT

To the best of my knowledge and belief, I confirm the following:

All information and amounts disclosed throughout the annual report are consistent.

The annual report is complete, accurate and is free from any omissions.

The annual report has been prepared in accordance with the guidelines on the annual report as issued by National Treasury.

The Annual Financial Statements (Part E) have been prepared in accordance with the modified cash standard and the relevant frameworks and guidelines issued by the National Treasury.

The Accounting Officer is responsible for the preparation of the annual financial statements and for the judgements made in this information.

The Accounting Officer is responsible for establishing and implementing a system of internal control that has been designed to provide reasonable assurance as to the integrity and reliability of the performance information, the human resources information and the annual financial statements.

The external auditors are engaged to express an independent opinion on the annual financial statements.

In my opinion, the annual report fairly reflects the operations, the performance information, the human resources information and the financial affairs of the department for the financial year ended 31 March 2020.

Yours faithfully

**Accounting Officer** 

Ms DJ Ntlatseng

#### 7. STRATEGIC OVERVIEW

#### 7.1. Vision

An effective independent investigative oversight body that ensures policing that is committed to promoting respect for the rule of law and human dignity.

#### 7.2. Mission

To conduct independent, impartial and quality investigations of identified criminal offences allegedly committed by members of the South African Police Services (SAPS) and Municipal Police Services (MPS), and to make appropriate recommendations in line with the IPID Act, whilst maintaining the highest standard of integrity and excellence.

#### 7.3. Values

The IPID adheres to the highest standards of ethical behaviour through the continuous application of our values. The following values are the core from which we operate and respond:

- a) Independence and impartiality
- b) Mutual respect and trust
- c) Integrity and honesty
- d) Transparency and openness
- e) Equity and fairness
- f) Courtesy and commitment

#### 8. LEGISLATIVE AND OTHER MANDATES

#### **Constitutional Mandate**

Section 206(6) of the Constitution of the Republic of South Africa makes provision for the establishment of an independent police complaints body and stipulates that "On receipt of a complaint lodged by a provincial executive, an independent police complaints body established by national legislation must investigate any alleged misconduct of, or offence committed by, a member of the police services in the province."

#### **Legislative Mandates**

The Independent Police Investigative Directorate (IPID) Act No. 1 of 2011 gives effect to the provision of Section 206(6) of the Constitution of the Republic of South Africa, ensuring independent oversight of the SAPS and MPS. The IPID resides under the Ministry of Police and functions independently of the SAPS.

The IPID Act empowers the Department to investigate offences listed hereunder, allegedly committed by the SAPS and the MPS members.

#### Section 28 (1) of the IPID Act:

- (a) Any death in police custody
- (b) Deaths as a result of police actions;
- (c) Complaints relating to the discharge of an official firearm by any police officer;
- (d) Rape by a police officer, whether the police officer is on or off duty;
- (e) Rape of any person in police custody;

- (f) Any complaint of torture or assault against a police officer in the execution of his or her duties;
- (g) Corruption matters within the police initiated by the Executive Director, or after a complaint from a member of the public or referred to the Department by the Minister, Member of Executive Council (MEC) or the Secretary for the Police Service;
- (h) Any other matter referred to the IPID as a result of a decision by the Executive Director or if so requested by the Minister, an MEC or the Secretary for the Police Service as the case may be.

#### Section 28 (2) of the IPID Act, 2011:

"the Department may investigate matters relating to systemic corruption involving the police".

#### Section 33(3) of the IPID Act of 2011:

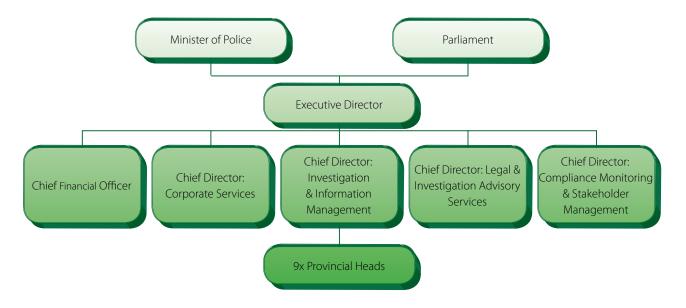

"any police officer who fails to comply with Section 29 is guilty of an offence and liable on conviction to a fine or to imprisonment for a period not exceeding two years".

#### **Other Mandates**

#### National Development Plan (NDP)

The core mandate of IPID contributes towards the realization of Chapter 12 of the NDP, through implementation of Outcome 3 which states that "All people in South Africa are and feel safe".

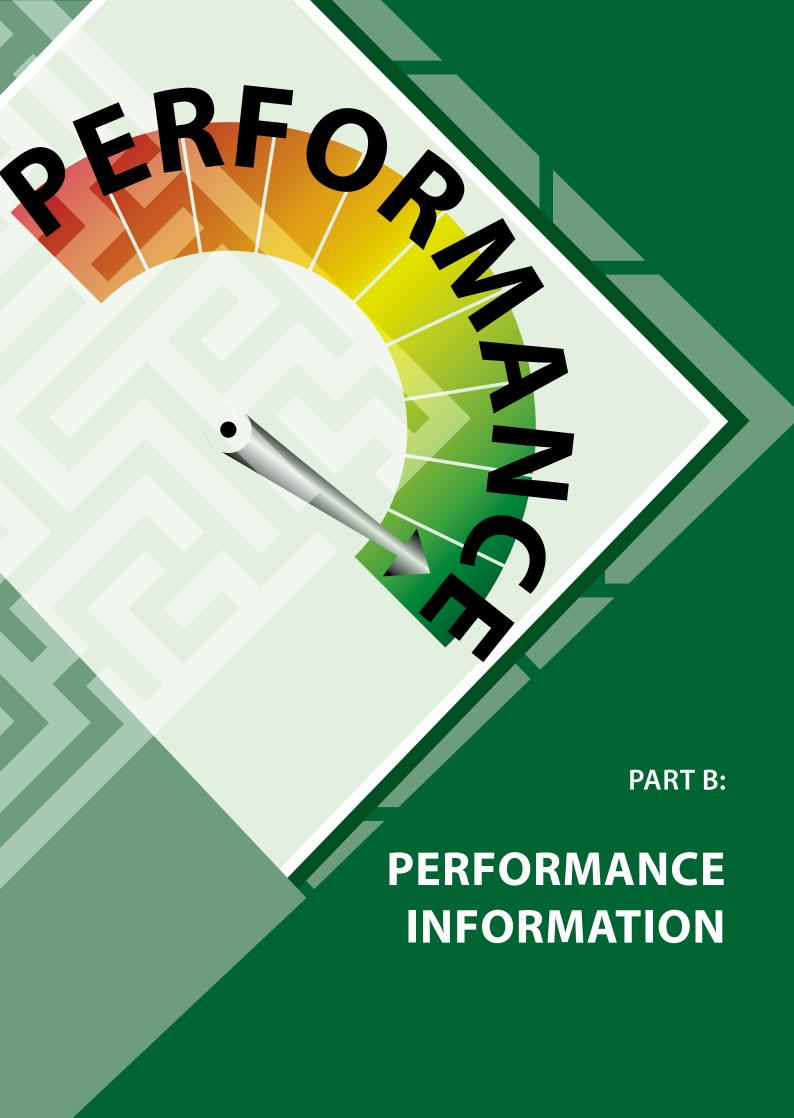

#### 9. ORGANISATIONAL STRUCTURE

#### 10. ENTITIES REPORTING TO THE MINISTER

The table below indicates the entities that report to the Minister.

| Name of Entity                                    | Legislative Mandate  | Financial<br>Relationship | Nature of Operations   |

#### AUDITOR GENERAL'S REPORT: PREDETERMINED OBJECTIVES

The AGSA currently performs certain audit procedures on the performance information to provide reasonable assurance in the form of an audit conclusion. The audit conclusion on the performance against predetermined objectives is included in the report to management, with material findings being reported under the Predetermined Objectives heading in the Report on other legal and regulatory requirements section of the auditor's report.

Refer to pages 130 to 133 of the Report of the Auditor General, published as Part E: Financial Information.

#### 2. OVERVIEW OF DEPARTMENTAL PERFORMANCE

#### 2.1 Service Delivery Environment

During the period under review the Departmental structure consisted of a National Office, 09 Provincial Offices and four Satellite Offices. Satellite offices were reduced from 09 to 04 due to inability to sustain the operational costs. Some of the provinces experienced high intake from areas where the Satellite Offices were closed this led to an extensive travelling. Management has since commenced with the discussion and need analysis which will inform the re-opening of some of the closed satellite offices.

The Department's total establishment was reduced by 24 posts, from 415 to 391 to ensure that the Department's expenditure remains within its allocation after implementation of Section 23 of the IPID Act. This meant that posts that were created to address internal control deficiencies in key governance units could no longer be funded.

The upgrade of the dilapidated ICT infrastructure continued to be prioritised through implementation of the ICT Strategy. A three-year implementation plan was developed and implementation thereof is still in progress. A total of 45 laptops and 35 desktops were procured. 3 upgrade projects were completed mainly server and storage upgrade; microsoft software upgrade; network and telephone system updates.

A strategic procurement of investigation tools was done to enhance investigation resources. A total of 52 vehicles were procured for investigation purposes and by the end of the financial year the process of procuring 8 bakkies was underway. Protective gear comprising of bulletproof vests were distributed to provincial offices.

The reliance on other institutions such as Forensic Service Laboratory (FSL) and the Department of Health for specialised investigative skills remained a challenge. However, the office of Chief Director Investigation and Information Management coordinated engagements with these entities regarding the outstanding technical reports such as DNA results, toxicology, ballistic, post-mortem and histology reports. These engagements contributed in reducing the backlog of these technical reports.

The implementation of Section 23 of the IPID Act remained a priority during the reporting period. A number of key stakeholders were consulted and engaged to ensure that the process is finalised. Although no additional funding was allocated for implementation of Section 23, the Department was able to settle Pension liability for all active members with Government Employee Pension Fund (GEPF), processed backdated payments and adjustment of notches for all Investigators on salary level 7 and 8 through savings and reprioritisation of funds.

#### 2.2 Service Delivery Improvement Plan

The Department has completed a service delivery improvement plan. The tables below highlight the service delivery plan and the achievements to date.

#### Main services and standards

| Main services | Beneficiaries      | Current/actual standard of service | Desired standard of service | Actual achievement |

#### 2.3 Organisational environment

- The position of the Executive Director was vacant for the entire financial year. Mr VO Senna, Chief Financial Officer was appointed to act from 01 March 2019 until 29 February 2020. Thereafter, Mr PM Setshedi, Director Finance was appointed to act in the month March 2020.
- 04 Senior Managers were suspended during the last quarter of the financial year. Other senior managers were appointed to act in these positions to ensure that service delivery is not disrupted. The disciplinary processes were not yet concluded by the end of the financial year.

#### 2.4 Key policy developments and legislative changes

• By the end of the financial year, the IPID Act Amendment Bill was submitted to the Leader of Government Business (Deputy President) for enrolment in the Legislative Program 2020.

### 3. STRATEGIC OUTCOME ORIENTED GOALS

|   | Strategic Outcome-Oriented Goals                         | Achievements  |
|---|--|---|
| 1 | The IPID is an effective independent oversight body      | The process of amending the IPID Act to strengthen structural and operational independence is continuing. The Committee Bill was adopted by the National Council of Provinces (NCOP). By the end of the financial year the Bill was yet to be adopted by the National Assembly.   |
| 2 | The IPID investigates cases effectively and efficiently  | A total of 16 investigators were trained on Investigation of Crime, Compilation of Case Docket and Conducting Investigative Interviews to enhance the quality of investigations.  |
|   |  | A Backlog Strategy was implemented to reduce backlog cases. An assessment was done to determine the outstanding activities and challenges that should be addressed to finalise the investigation. Investigation of 1 616 cases was completed.   |
|   |  | 175 disciplinary convictions and 69 criminal convictions were secured. By end of the financial year, a total of 701 cases were still on the court roll.   |
|   |  | Procurement of investigation tools was prioritised. A total of 52 vehicles were procured for investigators to enhance investigation resources.  |
| 3 | The police service is responsive to IPID recommendations | <ul> <li>Monthly and quarterly meetings were convened between IPID and SAPS at<br/>both National and Provincial Offices to discuss recommendations referred,<br/>disciplinary actions initiated and the outcomes of disciplinary actions.</li> </ul>  |
|   |  | A total of 870 negative recommendations for disciplinary action were referred to SAPS during the period under review; disciplinary process was initiated for 274 recommendations, disciplinary process finalised for 365 recommendations and the department is awaiting feedback on 231 recommendations.  |
| 4 | The IPID is accessible to the public                     | A total of 47 community outreach events were conducted across the country. These included Imbizos where over 300 people could be reached in one event. Radio interviews were also conducted to create awareness about IPID's mandate and the services.  |
|   |  | Satellite offices were reduced from 09 to 04 due to inability to sustain the operational costs. This had an impact on accessibility of IPID offices by complainants. An intervention was implemented by engaging other organs of state to share office space which will cost lesser than leasing independent office space. The engagements will still continue in the new financial year. |

#### 4. PERFORMANCE INFORMATION BY PROGRAMME

To effectively and efficiently deliver on our mandate, our activities and priorities are organised according to the following budget programmes:

- Programme 1: Administration
- Programme 2: Investigation and Information Management
- Programme 3: Legal and Investigation Advisory Services
- Programme 4: Compliance Monitoring and Stakeholder Management

#### 4.1 Programme 1: Administration

Purpose: Provide strategic leadership, management and support services to the Department. The Programme's activities are guided by the following key legislative framework; Public Finance Management Act (PFMA), Preferential Procurement Policy Framework Act (PPPFA), Treasury Regulations, Public Service Act (PSA), Public Service Regulations (PSR), Labour Relations Act, Skills Development Act, Employment Equity Act, Basic Conditions of Employment Act, Government Immovable Asset Management Act (GIAMA), National Archives Act, Minimum Information Security Standards (MISS), Public Administration Management Act (PAMA), Promotion of Access to Information Act (PAIA) and etc.

The Programme consists of the following five sub-programmes:

a) Departmental Management provides strategic leadership, overall management and strategic reporting of the Directorate and ensures overall compliance with all relevant prescripts through the following 06 components:

| Components                          | Purpose   |
|-------------------------------------|---|
| Executive Support                   | Provides strategic support to the Executive Director of the IPID. It also provides administrative, logistical and secretariat services and coordination of activities in the Office of the Executive Director.  |
| Corporate Governance                | Provides risk and ethics management services and ensures compliance with laws, regulations and other prescripts.  |
| Strategy and Performance Monitoring | Is responsible for implementing effective organisational strategic planning, performance monitoring and reporting processes in line with relevant legislations. It also conducts evaluation to improve department's performance.  |
| Vetting Services                    | Provides pre-employment screening as well as information gathering for existing employees in order to obtain security clearances in line with the IPID Act.   |
| Labour Relations                    | Manages labour related issues by coordinating orderly collective bargaining and effective resolution of employee labour disputes.   |
| Security Management                 | Provides security management services by developing and supporting the implementation of security policies, systems and procedures. It provides access security, information security and physical security and monitors the implementation of information technology policies based on Minimum Information Security Standards, Minimum Physical Security Standards and the Occupational Health and Safety Act. |

- b) Internal Audit provides assurance and consulting services by conducting risk-based audit reviews and performing adhoc requests.
- c) Finance Services ensures the establishment and implementation of strategic finance pertaining to sound financial management, accounting, procurement, provisioning and related internal controls in compliance with relevant legislative requirements. The sub-programme consists of the following components:

| Components                            | Purpose  |
|---------------------------------------|--|
| Office of the Chief Financial Officer | Provides strategic support to the Executive Director and core service delivery Programmes, pertaining to finance services of the Department. The Component provides effective leadership and ensures the establishment and implementation of strategic finance, for the achievement of departmental objectives. This Component provides leadership to the Finance, Supply Chain Management (SCM) and Asset Management components. This component also provides strategic support in the implementation of relevant IPID Act financial management imperatives.  |
| Finance                               | Provides for the establishment and implementation of sound financial management, expenditure and budgetary management, accounting services, cash-flow management, financial reporting and related internal control systems in compliance with relevant legislative requirements. It also assists the Executive Director in implementing the legislative imperatives as provided for in section 7(1)(a), section 7(1)(b); section 31(1)(a) and section 32(2)(a) of the IPID Act. It provides critical finance support to all service delivery units within the department for the achievement of departmental objectives. |
| Supply-Chain and Asset Management     | Provides for the establishment and implementation of provisioning, procurement, asset management and related internal control systems, in compliance with relevant legislative requirements. It provides critical supply-chain and asset management services to the Department and renders efficient provisioning services which contribute towards the attainment of departmental objectives.   |

d) Corporate Services provides support services to the Department as a whole through the following components:

| Components   | Purpose  |
|--|--|
| Human Resources Management and<br>Development Services | Provides human resources management and development services through the development of human resource policies and strategies. It ensures the alignment of the organisational structure to the Strategic Plan. It is responsible for rendering efficient and effective human resource administration services. It promotes the optimal development and utilisation of human resources and co-ordinates the employee health and wellness programme.    |
| Information Communication<br>Technology                | Provides communication services by developing, implementing and maintaining Information Communication Technology Strategy and advisory services. It is responsible for development and implementation of a Master System Plan and Strategy for Information System Security. It develops, manages and co-ordinates website, intranet and integrated ICT infrastructure. It also provides Business Continuity services.                                  |
| Auxiliary Services                                     | Provides record management services, manage fleet services, render switchboard services, render messenger services and oversee the rendering of cleaning services. It also provides overall services related to activities and costs of office accommodation for the Department as a whole. This includes managing Service Level Agreement with Department of Public Works regarding the renting of new property and maintenance of existing property. |

e) Office Accommodation houses the devolved funds which are appropriated for office accommodation and related costs. The Auxiliary Services component performs the management of IPID facilities.

#### Strategy to overcome areas of under performance

- Review the Technical Indicator Description (TID) to cover the audit process methodology in respect of late submission of management responses.
- Review mitigation plans in the new strategic risk register for 2020/21 financial to be realistic and within the department's control
- The evaluation project will be finalised in the new financial year and also cover 2019/2020 performance. The performance will be monitored at an operational level.

• Establish and ICT Steering Committee to play an oversight role at an operational level to assist the Department in addressing ICT operational challenges and monitor progress.

#### Changes to planned targets

There were no changes to planned targets.

#### Linking performance with budgets (CFO)

The Programme reported overall actual expenditure of R87 076 311 (99.99%) of the allocated budget. The main cost drivers for the financial year were payments made on fleet services, property payments, audit costs, operating leases and legal costs. In addition, bulk of budget was also spent on Information Communication Technology (ICT) related activities such as renewal of various licenses, data lines, mainframe services, internet services and upgrading of ICT infrastructure.

#### 4.2 Programme 2: Investigation and Information Management

Purpose: Coordinate and facilitate the Department's investigation processes through the development of policy and strategic frameworks that guide and report on investigations.

The programme consists of the following three sub-programmes:

- a) Investigation Management develops and maintains investigation systems, procedures, norms, standards and policies in line with the IPID Act (2011) and other relevant prescripts.
- b) Investigation Services manages and conducts investigations in line with provisions in the IPID Act (2011)
- c) Information Management manages information and knowledge-management services through the development and maintenance of a Case Flow Management System and database, analyses and compiles statistical information.

#### Strategy to overcome areas of under performance

- The training interventions will be prioritised in the 2020/2021 financial year
- The investigation of outstanding cases is ongoing and will be finalised in the 2020/21 financial year.

#### Changes to planned targets

There were no changes to planned targets.

#### Linking performance with budgets

The Programme reported an overall actual expenditure of R233 381 422 (100%) spending. The bulk of spending was on compensation of employees and travel & accommodation incurred during consultations with witnesses, visiting crime scenes and attendance of court on various cases under investigation. Due to limited funding, continuous prioritisation of case was done to focus more on high impact cases, such as death in police custody, death as a result of police action, rape by police officer, rape while in police custody, torture and corruption. In additional backlog strategy was implemented to reduce backlog cases.

The Programme's expenditure was also impacted by the implementation of Section 23 of the IPID Act. As at 31 March 2020, the Department was able to settle Pension Liability for all active members with Government Employee Pension Fund (GEPF), processed backdated payments and adjustment of notches for all Investigators on salary level 7 and 8.

### Strategy to overcome areas of under performance

All targets were achieved.

# Changes to planned targets

There were no changes to planned targets.

### Linking performance with budgets

The Programme reported overall actual expenditure of R10 831 501 (99.95%) against its allocated budget. Travel and Subsistence mainly on accommodation and air transport remained to be some of the main cost driver for the Programme. This is mainly due to stakeholder engagements and community outreaches undertaken by this Programme.

# STATISTICAL REPORT ON INVESTIGATIONS

### 1. INTRODUCTION

The purpose of this report is to outline the investigative activities of the Independent Police Investigative Directorate (IPID) for the 2019/2020 financial year. The report details the number and type of cases investigated; the recommendations made as well as the outcome of those recommendations, in accordance with Section 9(n) of the IPID Act read with Section 28 thereof.

# 2. THE MANDATE OF THE IPID IN RESPECT OF INVESTIGATIONS AND RECOMMENDATIONS

In terms of Section 28(1) of the IPID Act 1 of 2011, the IPID is obligated to investigate the following matters:

- a. any deaths in police custody;
- b. deaths as a result of police actions;
- c. any complaint relating to the discharge of an official firearm by any police officer;
- d. rape by a police officer, whether the police officer is on or off duty;
- e. rape of any person while that person is in police custody;
- f. any complaint of torture or assault against a police officer in the execution of his or her duties;
- g. corruption matters within the police initiated by the Executive Director on his or her own, or after the receipt of a complaint from a member of the public, or referred to the Directorate by the Minister, an MEC or the Secretary, as the case may be; and
- h. any other matter referred to it as a result of a decision by the Executive Director, or if so requested by the Minister, an MEC or the Secretary as the case may be, in the prescribed manner.

In terms of Section 28(2) of the IPID Act 1 of 2011, the IPID may investigate matters relating to systemic corruption involving the police.

In addition to the above provision of the IPID Act 1 of 2011, Section 29 of the Act places an obligation on members of the South African Police Service (SAPS) and Municipal Police Service (MPS), to report all matters referred to in Section 28(1)(a) to (f) to the IPID immediately upon becoming aware of such a matter and within 24 hours, forward the said report in writing to the IPID. After investigation the IPID makes appropriate recommendations to the SAPS/MPS which in turn must initiate disciplinary proceedings in compliance with Section 30 of the Act. The SAPS is required in terms of Section 30 to report to the Minister of Police on the recommendations forwarded to it by the IPID. The IPID is further required in terms of Section 7 of the Act to refer recommendations to the Director of Public Prosecutions (DPP) and report to the Minister of Police on such recommendations and the outcome thereof.

### 3. SECTION A: CASE INTAKE IN TERMS OF THE IPID MANDATE

The following is a statistical breakdown of cases that were received during the period under review.

A total of 5 640 cases were reported to the IPID during the reporting period. The majority of the cases reported were within Section 28(1) (a) to (h). Of this figure, 3 820 were assault cases, 684 were cases of complaints of discharge of an official firearm(s), 392 were cases of deaths as a result of police action followed by 237 cases of death in police custody.

Table 1(a) below depicts the total number of the cases reported in the period under review:

Figure 1 below is a diagrammatic representation of the SAPS and the MPS.

Figure 1

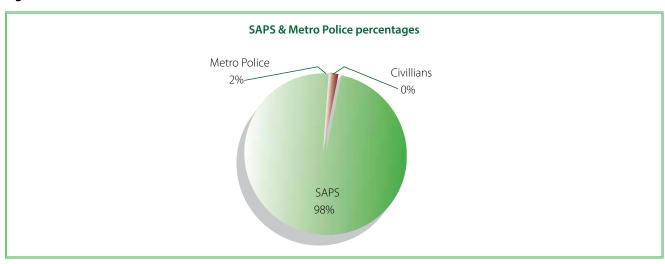

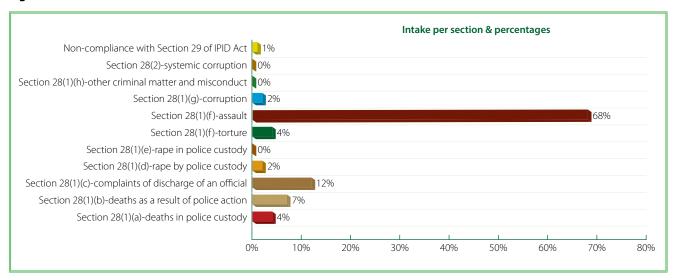

Figure 2 below shows the percentage of cases reported as per Section 28 and 33 of the IPID Act. Most cases reported were related to allegations of assault, followed by complaints of discharge of an official firearm, death as a result of police action and death in police custody. This means that the majority of resources were spent investigating assault cases.

### Figure 2

**Table 2** below shows the total number of cases reported per province and per category for the period under review. The province that received the highest number of cases was the Western Cape with 1 197 cases, followed by Gauteng with 993 cases and KwaZulu-Natal with 729 cases.

# 3.1. INTAKE AS PER SECTION 28(1)(a) AND 28(1)(b) – DEATHS IN POLICE CUSTODY AND DEATHS AS A RESULT OF POLICE ACTION

**Table 3(a)** below shows the number of incidents of death in police custody and death as a result of police action reported per province for the period under review as well as percentage contribution. It is evident that deaths as a result of police action have contributed more to the total amount of incidents of death. Gauteng has the largest number with 163 (26%) cases, followed by KwaZulu-Natal with 119 (19%) cases, Western Cape with 85 (14%) and Eastern Cape with 73 (12%) cases.

In some instances, incidents of death as a result of police action had more than one victim, for example incidents of business robbery and hijacked vehicles. There were incidents where three (3) or more victims died and were noted in the following provinces; Western Cape, KwaZulu-Natal and Mpumalanga.

**Table 4** shows the total number of incidents of deaths as a result of police action and the number of deceased per province for the period under review.

A comparative analysis of suicide by hanging was done for the previous financial year with the period under review. Most provinces experienced a decrease in the number of suicide victims in police custody, except Northern Cape, Mpumalanga and Limpopo that experienced an increase as indicated in table 5(c).

Items such as clothing, blankets were the main instruments used to commit suicides. The IPID notes with concern that other prohibited items such as rope, shoelaces and belts were used.

**Table 6** below shows the circumstances in which deaths as a result of police action occurred during the period under review. The analysis of circumstances surrounding death as a result of police action reveals that most deaths occurred during police operations which include response to a crime, arrest, negligence handling of official vehicles, escape and deaths associated with domestic violence.

### 3.7. INTAKE AS PER SECTION 28(1)(h) – OTHER CRIMINAL MATTERS AND MISCONDUCT

Other criminal matters and misconduct are matters that were referred to IPID by the Minister, MEC or Civilian Secretary for Police. These include matters where the Executive Director decides that an investigation on a specific reported incident should be conducted by the Department or by exercising his/her decision to investigate after being requested to do so by the SAPS or any other person having regard to the seriousness of the offence or misconduct.

Misconduct cases were investigated after IPID was satisfied that SAPS intervention at Provincial or National level did not satisfy the complainant and there were grounds to intervene in the interest of justice.

It is important to note that while Section 206(6) of the Constitution enjoins the IPID to investigate cases of misconduct and criminal offences, Section 28(1)(h) of the IPID Act enables the IPID to investigate all criminal matters and misconduct cases not provided for in Section 28(1)(a)-(g).

**Table 13(a)** shows that IPID recorded a total of 18 incidents in respect of other criminal offenses per province. The highest number of cases reported were in Mpumalanga with 5 cases, followed by Gauteng with 4cases and Free State with 3 cases.

### 3.8. INTAKE AS PER SECTION 28(2) - SYSTEMIC CORRUPTION

Section 28(2) of the IPID Act prescribes that the Directorate may investigate matters relating to systemic corruption involving the SAPS/MPS. There was only one case of systemic corruption that was identified and approved in Free State Provincial Office.

### 3.9. INTAKE AS PER SECTION 33(3) NON-COMPLIANCE WITH SECTION 29 OF THE IPID ACT

According to Section 29 of the Act, members of the SAPS and MPS should immediately notify the Directorate of any matters referred to in Section 28 (1) (a)-(f). They should, within 24 hours submit a written report to the Directorate and must provide their full cooperation in terms of the investigation, which includes, but is not limited to, arrangement of identification parades, availing members for affidavits and any other information required. The total number and percentages of cases opened by IPID in respect of non-compliance with section 29 of the IPID Act per province is depicted in Table 15(a) below. The highest number of non-compliance cases were recorded in Mpumalanga with 30 cases, followed by North West with 7 cases and Gauteng with 6 cases.

### 5. ALLOCATED CASES PER PROVINCE

The Directorate's target for registration and allocation of cases is 80% within 72 hours of receipt. This is measured from the time a case is received by the Directorate until such time that it is allocated to an individual case worker for investigation. Table 17(a) shows the total number of cases that were allocated within 72 hours by the respective provinces. IPID registered a total of 5 640 cases during the period under review and managed to allocate 5 201 cases within 72 hours. An allocation rate of 92% was therefore achieved.

### 7. ATTENDANCE OF CRIME SCENES AND POST MORTEMS

**Table 22** shows both the total number of crime scenes attended and not attended within 24 hours per province. Nationally, IPID attended 69% of the crime scenes within 24 hours of those being reported. The IPID has a responsibility to attend crime scenes (where possible or practical) as well as post mortems. These forms part of the investigation process and play a pivotal role in the completion of case investigation. During the period under review IPID was unable to attended 196 crime scenes. It should be noted that in some instances victims passed away in hospital, as a result crime scenes could not be attended within 24 hours as required.

#### **10.3. CRIMINAL CONVICTIONS**

The IPID is dedicated to investigating acts of criminality allegedly perpetrated by members of the SAPS/MPS and bring these members to justice. Once the investigation is completed and cases are referred to the NPA. The court process unfolds and the role of IPID is to provide the court with enough evidence to make an appropriate ruling on the case at hand. In some instances, the investigations conducted by IPID result to conviction. Table 30 shows the total number of criminal convictions that have been reported by the respective provinces during the period under review. A total of 69 criminal convictions were secured.

## 11. THE ARREST OF SAPS/MPS MEMBERS

In terms of Section 24(2) of the IPID Act, the IPID investigators are entitled to perform duties of peace officers as per the Criminal Procedure Act. The investigator can execute warrants and arrest suspects as per Section 24 (2)(e) and (f) of the IPID Act, 1 of 2011. The IPID had conducted a total of 71 arrested which resulted to 95 SAPS members being arrested for various crimes. Some of the arrests were made by SAPS before IPID investigators arrived at the crime scene or took over the investigation.

**Table 34** lists details of arrests per province and charge.

## 12. THE CASES ON COURT ROLLS

The number of cases that are on the court roll reflects cases where the investigation was of such a nature that the NPA accepted the IPID's recommendation pertaining to the institution of criminal prosecution. Table 35 shows the total number of cases that each province has on the court roll. A total of 701 cases were on the court roll.

#### 1. INTRODUCTION

The IPID is committed to ensuring that principles of good corporate governance are practiced and upheld, as supported by the Public Finance Management Act, 1999 (Act 1 of 1999) and as amended by King Code on Corporate Governance (King IV) and other related leading practices.

Risk, Compliance and Ethics Management forms an integral part of the IPID's corporate governance and strategic management processes; through which the IPID is able to identify weaknesses in controls, manage potential risks that may have negative impact on its operating environment and strive to improve the Ethical culture of the department

#### 2. RISK MANAGEMENT

All policies applicable to the Risk, Compliance and Ethics management were reviewed to ensure alignment with the relevant prescripts and approved by the Acting Executive Director. Corporate Governance developed Strategy documents and Implementation plans for Risk, Compliance, Ethics and Fraud Management, to support the implementation of approved policy documents.

Risk assessments were conducted at a strategic and operational level to identify new and emerging risks that may be material in achieving objectives. A total of 04 risks were identified at a strategic level, the department was able to mitigate and address two of those risks. A total of 119 operational risks were identified for the entire department, 70 for National Office and 49 for Provincial Offices. All Programmes and Provincial Offices were involved in the risk assessment process. Progress reports on the implementation of mitigation strategies at Operational and Strategic levels were presented to the Compliance, Risk and Ethics Management Committee before being presented to the Audit Committee on quarterly basis, including MANCO.

The Compliance function in the IPID was implemented by conducting compliance monitoring on a quarterly basis, on identified relevant prescripts guiding the department on how to operate within a regulatory environment. This contributes towards enhancing internal control systems within the department.

A review of the compliance prescripts monitored by Corporate Governance was done through the Compliance Risk Assessment to determine high risk compliance areas that the department has to monitor. This will assist to improve the monitoring of compliance levels of IPID.

Ethics management contributed to the strengthening and promotion of organisations Ethics and Integrity practices in the Department through the implementation of the provisions of Whistle Blowing Policy and the process to be followed.

#### **Compliance, Ethics and Risk Management Committee**

The IPID has a fully functional Compliance, Ethics and Risk Management (CERM) Committee in place, appointed by the Executive Director. The committee was chaired by an external Chairperson; the committee members are all Programme Heads in the department including the Chief Financial Officer. The purpose of the committee is to advise management on matters related to risk management, compliance and ethics. During the reporting period the committee held 3 meetings to discuss quarterly reports.

The Chairperson compiled reports based on the deliberations at the Committee meetings, those reports were then presented at the Audit Committee. In addition, the Audit Committee guided management on risk management functions and provided oversight assurance on risk matters.

## 3. FRAUD AND CORRUPTION

The IPID's Fraud Prevention Policy and Fraud Prevention Plan are proactive systems in place to manage IPID's vulnerability to fraud and corruption. Cases of alleged Fraud and corruption are forwarded to Corporate Governance component. During the year under review there was a case opened with SAPS for a fraud allegation against two Senior Managers of the department alleged to have been involved in the fraudulent appointment of an official who did not meet the Human Resources requirements of a position in the National Specialised Investigation Team (NSIT) Unit.

## The Fraud Response Plan

The Corporate Governance Unit facilitates the implementation of the fraud response plan on any allegation of fraud or corruption and unethical conduct reported. A preliminary analysis is conducted to determine whether the reported matter warrants an investigation. Depending on the outcome, the preliminary analysis report is forwarded to the Executive Director who decides whether the allegations are to:

- a) Be investigated internally;
- b) Co/outsourced to forensic investigative firms;
- c) Referred to the SAPS, or any applicable law enforcement agency

Corporate Governance monitors progress on action taken related to the reported fraud allegation cases and provides feedback to the Compliance, Ethic and Risk Management Committee quarterly. All information related to fraud and corruption is treated with confidentiality and only discussed with person(s) who have legitimate right to such information.

#### 4. MINIMISING CONFLICT OF INTEREST

The Corporate Governance component coordinated the submission of financial disclosures by Senior Management Services (SMS), Middle Management Service (MMS), Finance and SCM members.

The submitted financial disclosures were analysed to identify areas of conflict by affected officials, no conflict has been identified, the Department is considered to be fully compliant with the process.

Bid Committees (Bid Specification, Bid Evaluation and Bid Adjudication) were established to oversee the procurement of goods and services above R500 000.00. A Procurement Control Committee has been established to manage the procurement of goods and services below the R500 000.00 threshold.

All members for the 3-bid committees signed a conflict of interest declaration form, before engaging in discussions for the purpose of the bid process.

#### 5. CODE OF CONDUCT

The IPID endeavours to adhere to highest standards of ethical and moral behaviour. The IPID's values are the core from which it operates and respond on daily activities and interaction with both internal and external stakeholders. These values as listed in the IPID's strategic plan subscribe to the Code of Conduct for the Public Service contained in the Public Service Regulations, 2016.

Adherence to the Code of Conduct enhances professionalism and ensures confidence in the Directorate. Non-compliance with the provisions of the Code of Conduct or approved polices constitutes misconduct and may lead to disciplinary action.

## 6. HEALTH SAFETY AND ENVIRONMENTAL ISSUES

Security Management ensured that the Department complies with the provisions of Occupational Health and Safety Act no 85 of 1993 by ensuring that statutory appointments are in place. The component facilitated appointments of Section 17 (Health and Safety Representatives) in Provinces and also appointed Health and Safety Committee as provided for in Section 20 of OHS Act.

Training for Section 16.2 appointments conducted with the assistance of Human Resource Development Unit. Seven (7) statutory Health and Safety Committee meetings were conducted in accordance with Section 19 subsection (4) of the OHS Act where health and safety related matters were discussed and employer was advised accordingly on all Health and Safety matters affecting IPID employees, visitors and contractors.

The component further conducted five (5) health and safety inspections in three (3) provincial offices and two satellite offices in order to ensure that health hazards are identified and the work environment is safe and healthy, safety inspections were conducted as required by the Act. Monthly Health and Safety inspections were not conducted in some provinces and National Office due to the fact that SHE Reps have not been trained on their duties which include conducting inspections.

One internal evacuation drill exercise to familiarize employees with the evacuation procedure and how they should react in cases of emergency was conducted. Two (2) incidents occurred during the financial year and they were recorded and reported as required by the Act. The Component ensured that Occupational Health and Safety policy is reviewed, approved and implemented by circulating it to all IPID employees.

#### 9. PRIOR MODIFICATIONS TO AUDIT REPORTS

There were no prior modifications to audit reports.

## 10. INTERNAL AUDIT AND AUDIT COMMITTEES

## Key activities and objectives of the internal audit

The purpose of Internal Audit within the Department is to provide independent, objective assurance and consulting services designed to add value to and improve operations. This is achieved by conducting risk-based audit reviews that contribute to the improvement of governance, risk management and control processes. Internal Audit also assists the Audit Committee in the effective discharge of its responsibilities.

In discharging its assurance responsibilities to the Department, Internal Audit follows a systematic and disciplined approach to evaluate and make appropriate recommendations regarding the following, in line with the International Standards for the Professional Practice of Internal Auditing:

- Achievement of IPID's objectives and plans;
- Reliability and integrity of information;
- Effectiveness and efficiency of operations and programs;
- Safeguarding of assets; and
- Compliance with laws, regulations, policies, procedures and contracts.

## • Key activities and objectives of the Audit Committee

In line with its mandate as recorded in its Charter, the Audit Committee is established to carry out its oversight responsibilities over the Department's audit and financial reporting process; as well as systems of risk management and internal control. Audit Committee activities endeavours to fulfil the following objectives:

- Effective oversight over management's role in governance, risk management and control systems.
- Enhancing business ethics and trust in the Department;
- Ensuring and enhancing the independence of the Internal Audit Activity;
- Ensuring that risks facing the Department are identified and appropriate mitigation strategies developed and implemented.
- Ensuring proper functioning of the Internal Audit Activity through review and approval of audit scope of work; including monitoring of its performance.

The Audit Committee fulfilled its objectives as stated above through the interrogation of various reports, including performance, risk management, compliance financial and audit; and robust discussions during Audit Committee meetings that took place throughout the financial year.

Standing invitations for these meetings were extended to Senior Management and the Auditor General. The Chief Financial Officer and Accounting Officer attended the meetings as ex-officio members of the Audit Committee. These meetings considered matters the Audit Committee was seized with in terms of its Charter throughout the reporting period.

#### 2. AUDIT COMMITTEE RESPONSIBILITY

The Audit Committee would like to report that it has complied with its responsibilities enshrined in section 38 (1) (a) (ii) of the Public Finance Management Act and Treasury Regulation 3.1.13. The Audit Committee also reports that it has adopted its Charter, has regulated its affairs in compliance with the Charter and has discharged all its responsibilities as contained there.

### 3. THE EFFECTIVENESS OF INTERNAL CONTROL

Our review of the findings of the Internal Audit work, which was based on the risk assessments conducted in the department revealed certain weaknesses, which were then raised with the Department.

The control weaknesses identified ranged from data integrity issues on internal recommendations registers, non-compliance with established vetting procedures, inadequate records management practices, ineffective handling of Irregular and Fruitless expenditure cases, non-compliance with Asset Management policy as well as inadequacies noted within the Loss Control policy.

The following internal audit work was completed during the year under review:

#### **National Office**

- 1. Information Communication Technology (ICT)
- 2. Asset Management
- 3. Risk Management
- 4. Financial Management
- 5. Procurement and Contract Management
- 6. Vetting Services
- 7. Compliance Monitoring of IPID Recommendations
- 8. Records Management Follow-Up Review

- 9. Performance Management (PMDS)
- 10. Quarterly Validation of Reported Performance Information
- 11. Review of Financial Statements (2018/2019 Draft and 2019/2020 3<sup>rd</sup> Quarter)
- 12. Follow-Up on 2018/2019 AGSA Findings and Internal Audit Findings
- 13. Review of Section 9(n) Report

#### **IPID Provincial Audit Reviews**

Western Cape - Investigation Management

Based on the approved 2019/2020 annual internal audit plan setting out the scope, control objectives and risks, for the period covered, various reports were submitted by the internal auditors. The management report of the Auditor General (SA) on the annual financial statements were also submitted to and discussed by the Committee.

The Committee would like to record the following observations:

- Internal Audit did not manage to fully implement the IA Plan for the year under review, with four (04) planned projects listed below not carried out:
  - 2019/2020 Interim Financial Statements The assurance risk was however mitigated through the AGSA's high level review of those statements in which issues were identified and corrected;
  - Investigation Management Provincial Reviews (Gauteng and KZN) It was reported that provincial management for the two (02) Provinces requested deferment of assurance to April 2020; and
  - The 2019 MPAT Reviews the process was not undertaken by the responsible department t (DPME).
- The Committee has considered management's responses to address the matters raised by Internal Audit and Auditor General (SA) and to facilitate corrective actions, improvements and monitoring the controls and procedures. The Committee, however, notes that not all the findings and recommendations of Internal Audit were implemented.
- The Committee also notes that audit action plan was not fully implemented. The Committee recommends that additional effort should be made to implement these recommendations which will contribute significantly to an improved audit outcome.
- The Committee also notes the completion of an ICT Internal Audit Review in June 2019. This milestone brought an end to the concern that the Committee had for the past four (04) years, where the IPID's internal audit function had been unable to provide assurance on the ICT environment due to lack of skills within the current staff complement.

#### 3.1. SPECIFIC FOCUS AREAS GOING FORWARD

Identified specific focus areas to monitor, support and advise management on:

- Continuous monitoring of the ICT strategic plan and funding towards maintaining a secure and robust ICT environment;
- Implementation of the internal audit action plan;
- · Coordination and cooperation on matters related to financial management and audit; and
- Improving the control environment.

#### 4. IN-YEAR MANAGEMENT AND MONTHLY / QUARTERLY REPORT.

The Committee was supplied with all quarterly financial reports prepared and issued by the Department during the year under review in compliance with the statutory reporting framework. Save for certain nominal deficiencies the Committee is satisfied with the quality of these reports.

A total of five (05) Audit Committee meetings were convened in the 2019/2020 financial year, with the following Committee responsibilities, amongst others, fulfilled:

- Review of 2019/2020 quarterly financial information, including the 2018/2019 Annual Financial statements
- Review of IPID's 2019/2020 quarterly performance information and overall performance as reported in the 2018/2019 IPID Annual Performance Report.
- Approval of the 2019/2020 Internal Audit Charter and Plan, including the monitoring of quarterly performance as reported.
- Review of the AGSA 2018/2019 Final Management Letter and Audit Report
- Review of Risk Management and Compliance matters.

#### 5. EVALUATION OF THE ANNUAL FINANCIAL STATEMENTS

#### The Committee has:

- Reviewed and discussed the audited Annual Financial Statements to be included in the annual report, with the Auditor-General (SA) and the Accounting Officer;
- Reviewed the Auditor-General's management letter and management's response thereto;
- Reviewed and discussed the Performance Information with management;
- Reviewed changes in Accounting Policies and Practices; and
- Reviewed the entity's compliance with Legal and Regulatory provisions.

## 6. RISK MANAGEMENT

The Audit Committee continues to fulfil its risk management oversight responsibilities through review of reports of the Ethics, Risk and Compliance Committee. For the 2019/2020 financial year, the Committee noted, amongst other things, the following –

## On Strategic, Operational and Top Operational Risks Management:

- Gradual progress was made on the conclusion of the MOU with SAPS aimed at adequately managing the strategic risk of infiltration of IPID investigations by SAPS.
- Satisfactory progress was made on measures relating to securing workspace and expeditious obtaining of forensic reports so as to mitigate against the strategic risk of inability to investigate and timeously finalize cases.
- Satisfactory progress was made on ICT infrastructure renewal to strategically mitigate against the potential collapse of IPID's operational information systems.
- Non-compliance to MISS remained a top operational risk throughout the reporting period and only a Classification Manual uploaded on IPID's intranet, which might not be as commonly user-friendly, is an available tool to attempt mitigating against this risk.
- No progress was made on Gap 7 of the Risk Maturity Gap Analysis Implementation Plan (i.e. the inclusion of risk management as a standing agenda item on the management agenda of all business functions) throughout the reporting period, and that there is still a need to therefore continue advocating strongly for the future involvement of Corporate Governance in other business units' management meetings.

#### **On Ethics Management:**

- No 100% compliance was achieved for the completion of financial disclosures by employees at levels 5-10, SCM and Finance personnel, and MMS personnel on level 11 by the respective initial deadlines set by the DPSA; and this negatively affects IPID's ability to effectively monitor personnel's constant adherence to acceptable professional ethical standards.
- The need to review the IPID's Gift Policy to expressly provide for the proper handling of gifts/donations/sponsorships from persons who do business with IPID.

## On Fraud Risk Management:

• New allegations of fraudulent and/or unethical conduct levelled against two SMS members during the last quarter of 2019/20 financial year, which were still undergoing relevant internal disciplinary and external intervention processes as at end of the reporting period.

#### **On Compliance Management:**

· IPID was not in full compliance with MISS, PFMA, PSR, PAIA, and OHSA throughout the reporting period.

#### General:

- Constant capacity constraints prevented IPID from quarterly performing certain some important tasks such as ethics
  awareness sessions, fraud and corruption prevention training sessions, training workshops on Code of Conduct,
  monitoring of compliance with the DPSA Minimum Anti-Corruption Capacity requirements, and offering MISS
  awareness training sessions to all offices.
- The subcommittee also noted a report on the follow-up risk management audit review completed by Internal Audit on IPID's National Office compliance management processes, which concluded that there was continued inadequacy of controls within the IPID's compliance management function. The internal audit report recommended, amongst others, the need for Corporate Governance unit to develop and seek approval of a meeting schedule for the Ethics, Risk, and Compliance Committee; the need to capacitate Risk Management component with adequate personnel; the need to procure necessary risk management systems; and the need to acclimatize the entire IPID with the risk management concept.

### 7. AUDITOR- GENERAL'S REPORT

We have reviewed the department's implementation plan for audit issues raised in the previous years and are satisfied that these matters are being attended to by management.

The Committee notes the improvement in the audit outcomes. In our view the improved opinion can be ascribed to Management's commitment to addressing the root cause of the matters identified by the Auditor General in the previous cycle. There is however room for improvement.

The Committee noted that IPID had run the risk of incurring R4 902 000 in unauthorised expenditure had it complied with the requirement of paying creditors within 30 days. This finding underscores the severe financial constraints IPID has been facing over the past few years, which has the potential of undermining the gains in terms of an improved outcome.

The Committee concurs with and accepts the conclusions of the Auditor-General on the annual financial statements and is of the opinion that the audited financial statements be accepted and read together with the report of the Auditor-General.

The Committee would like to take this opportunity to thank the Executive Directors who acted in the position during the reporting period, Management, the Director Internal Audit and her team for their support and co-operation. We are indeed indebted to Mr. S. Kheleli and his team from the Office of the Auditor General for their professionalism, support and value add.

### 1. INTRODUCTION

The information contained in this part of the annual report has been prescribed by the Minister for the Public Service and Administration for all departments in the public service.

### 2. OVERVIEW OF HUMAN RESOURCES

### Status of human resources in the Directorate:

The Department had a total of three hundred and fifty-two (352) filled positions in its employ as at 31 March 2020. There are 182 males and 170 females' employees at all levels.

A total number of 24 posts were then reprioritised in the functional areas where critical posts are required. The establishment would have had a total number of 415 posts for the 2019/2020 financial year and throughout the MTEF period.

The Department took a strategic decision to prioritise the full implementation of Section 23 using identified current year Compensation of employee's savings as well as the budget for the twenty-four posts that were prioritised for filling during this period.

The reviewed organisational structure was then aligned with the salary levels associated with the implementation of Section 23 of the IPID Act.

The Department through the National Training Committee (NTC) identified training interventions for implementation during 2019-20 financial year. The identified training interventions were informed by the compulsory capacity development for newly appointed members of the Senior Management Services (SMS) and the Compulsory training programmes for newly appointed employees.

The transversal and compulsory training priority investigation related training programmes such as Investigative of Crime, Interviewing Techniques and Administering of Case Dockets for investigators was also identified and training conducted for the development of staff. A total number of 157 were trained in the administration and core function in the Department.

Employee Health and Wellness implemented initiatives aimed at providing good work life balance to its employees. Management also encourages good health and wellness amongst its employees and tries to create opportunities for wellness in the work place to increase job satisfaction, reduce the risk of stress, improve productivity and reduce absenteeism.

Debriefing sessions that took place in both National Office and Provincial Offices. were arranged to provide Investigators with safe space to raise issues and concerns that have affected their occupational and psychological functioning in the work environment. Employee Health and Wellness Professionals continued to offer reactive interventions through counselling and therapy. A total number of twenty-eight (28) planned events were coordinated, as per the approved annual wellness calendar.

Significant progress has been made towards achieving the planned target of 2% for people with disabilities, in relation to the total workforce and also addressing reasonable accommodation of people with disabilities.

A total number of two hundred and ninety-two (292) employees qualified to be evaluated and their performance was both reviewed and moderated. The Department proceeded to effect the outcome of the qualifying employees pay progression and performance bonus on the system and informed employees on the outcome of the assessments in writing.

### 3.2 Employment and Vacancies

The tables in this section summarise the position with regard to employment and vacancies.

The following tables summarise the number of posts on the establishment, the number of employees, the vacancy rate, and whether there are any staff that are additional to the establishment. This information is presented in terms of three key variables:

- programme
- salary band
- critical occupations

The Department has identified critical occupations that need to be monitored. In terms of current regulations, it is possible to create a post on the establishment that can be occupied by more than one employee. Therefore, the vacancy rate reflects the percentage of posts that are not filled.

Table 3.2.1 Employment and vacancies by programme as on 31 March 2020

### 3.4 Job Evaluation

Within a nationally determined framework, executing authorities may evaluate or re-evaluate any job in his or her organisation. In terms of the Regulations all vacancies on salary levels 9 and higher must be evaluated before they are filled. The following table summarises the number of jobs that were evaluated during the year under review. The table also provides statistics on the number of posts that were upgraded or downgraded.

Table 3.4.1 Job Evaluation by Salary band for the period 1 April 2019 and 31 March 2020

| Post                    | Level |
|-------------------------|-------|
| Director: Communication | 13    |
| Senior Security Officer | 6     |

The following table provides a summary of the number of employees whose positions were upgraded due to their post being upgraded. The number of employees might differ from the number of posts upgraded since not all employees are automatically absorbed into the new posts and some of the posts upgraded could also be vacant.

Table 3.4.2 Profile of employees whose positions were upgraded due to their posts being upgraded for the period 1 April 2019 and 31 March 2020

### 3.15 Utilisation of Consultants

The following table relates information on the utilisation of consultants in the department. In terms of the Public Service Regulations "consultant' means a natural or juristic person or a partnership who or which provides in terms of a specific contract on an ad hoc basis any of the following professional services to a department against remuneration received from any source:

- (a) The rendering of expert advice;
- (b) The drafting of proposals for the execution of specific tasks; and
- (c) The execution of a specific task which is of a technical or intellectual nature, but excludes an employee of a department.

### REPORT OF THE AUDITOR-GENERAL TO PARLIAMENT ON VOTE NO.20: INDEPENDENT POLICE INVESTIGATIVE DIRECTORATE

### Report on the audit of the financial statements

### **Opinion**

- 1. I have audited the financial statements of the Independent Police Investigative Directorate set out on pages' 134 to 194, which comprise the appropriation statement, statement of financial position as at 31 March 2020, statement of financial performance, statement of changes in net assets and cash flow statement for the year then ended, as well as the notes to the financial statements, including a summary of significant accounting policies.
- 2. In my opinion, the financial statements present fairly, in all material respects, the financial position of the Independent Police Investigative Directorate as at 31 March 2020, and its financial performance and cash flows for the year then ended in accordance with Modified Cash Standard (MCS) and the requirements of the Public Finance Management Act of South Africa 1999 (Act No.1 of 1999) (PFMA).

### Context for the opinion

- 3. I conducted my audit in accordance with the International Standards on Auditing (ISAs). My responsibilities under those standards are further described in the Auditor-General's responsibilities for the audit of the financial statements section of this auditor's report.
- 4. I am independent of the department in accordance with sections 290 and 291 of the Code of ethics for professional accountants and parts 1 and 3 of the *International Code of Ethics for Professional Accountants (including International Independence Standards)* of the International Ethics Standards Board for Accountants (IESBA codes) as well as the ethical requirements that are relevant to my audit in South Africa. I have fulfilled my other ethical responsibilities in accordance with these requirements and the IESBA codes.
- 5. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

### **Emphasis of matters**

6. I draw attention to the matters below. My opinion is not modified in respect of these matters.

### Payables not recognised

7. As disclosed in note 20.2 to the annual financial statements, payables not recognised of R4 945 000, exceeded the payment terms of 30 days, as required in Treasury Regulation 8.2.3. This amount in turn exceeds the R43 000 of voted funds to be surrendered by R4 902 000 as per the statement of financial performance. The amount of R4 902 000 would therefore have constituted unauthorised expenditure had the amounts been paid in time.

### Other matter

8. I draw attention to the matter below. My opinion is not modified in respect of this matter.

### Unaudited supplementary schedules

9. The supplementary information set out on pages 195 to 202 does not form part of the financial statements and is presented as additional information. I have not audited these schedules and, accordingly, I do not express an opinion on them.

### Responsibilities of accounting officer for the financial statements

- 10. The accounting officer is responsible for the preparation and fair presentation of the financial statements in accordance with the Modified Cash Standards (MCS) and the requirements of the Public Finance Management Act of South Africa 1999 (Act No.1 of 1999) (PFMA), and for such internal control as the accounting officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.
- 11. In preparing the financial statements, the accounting officer is responsible for assessing the department's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the appropriate governance structure either intends to liquidate the department or to cease operations, or has no realistic alternative but to do so.

### Auditor-General's responsibilities for the audit of the financial statements

- 12. My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
- 13. A further description of my responsibilities for the audit of the financial statements is included in the annexure to this auditor's report.

### Report on the audit of the annual performance report

### Introduction and scope

- 14. In accordance with the Public Audit Act of South Africa 2004 (Act No. 25 of 2004) (PAA) and the general notice issued in terms thereof, I have a responsibility to report on the usefulness and reliability of the reported performance information against predetermined objectives for selected programmes presented in the annual performance report. I performed procedures to identify material findings but not to gather evidence to express assurance.
- 15. My procedures address the usefulness and reliability of the reported performance information, which must be based on the approved performance planning documents of the department. I have not evaluated the completeness and appropriateness of the performance indicators included in the planning documents. My procedures do not examine whether the actions taken by the department enabled service delivery. My procedures also do not extend to any disclosures or assertions relating to planned performance strategies and information in respect of future periods that may be included as part of the reported performance information. Accordingly, my findings do not extend to these matters.
- 16. I evaluated the usefulness and reliability of the reported performance information in accordance with the criteria developed from the performance management and reporting framework, as defined in the general notice, for the following selected programme presented in the annual performance report of the department, for the year ended 31 March 2020:

| Programme  | Pages in the annual performance report |
|--|--|
| Programme 2 - Investigation and Information Management | 28 – 32                                |

- 17. I performed procedures to determine whether the reported performance information was properly presented and whether performance was consistent with the approved performance planning documents. I performed further procedures to determine whether the indicators and related targets were measurable and relevant, and assessed the reliability of the reported performance information to determine whether it was valid, accurate and complete.
- 18. I did not identify any material findings on the usefulness and reliability of the reported performance information for this programme:

Programme 2 – investigation and information management

### Other matters

19. I draw attention to the matters below.

### Achievement of planned targets

20. Refer to the annual performance report on pages 28 to 32 for information on the achievement of planned targets for the year and explanations provided for the under/over achievement of a number of targets.

### Report on the audit of compliance with legislation

### Introduction and scope

- 21. In accordance with the PAA and the general notice issued in terms thereof, I have a responsibility to report material findings on the department's compliance with specific matters in key legislation. I performed procedures to identify findings but not to gather evidence to express assurance.
- 22. The material findings on compliance with specific matters in key legislation are as follows:

### **Expenditure management**

- 23. Effective steps were not taken to prevent irregular expenditure as required by section 38(1)(c)(ii) of the PFMA and Treasury Regulation 9.1.1. The majority of the irregular expenditure disclosed in the financial statements was caused by non-compliance with procurement processes.
- 24. Effective steps were not taken to prevent the overspending on cost of employees to the amount of R19.4 million as required by section 3 of the Appropriation Act, 2019 and TR 6.3.1(a) & (d), resulting in irregular expenditure. The overspending is as a result of the provisions of section 23 of the IPID Act, which requires IPID investigators to be paid the same as SAPS detectives. The overspending on compensation of employees did not result in the overspending on the vote or main division of the vote because the department reduced planned spending in goods and services and capital expenditure line items.
- 25. Some payments were not made within 30 days or an agreed period after receipt of an invoice, as required by Treasury Regulation 8.2.3. This was mainly due to delayed internal processes; and budgetary constraints experienced by the department during the last quarter.

### Other information

26. The accounting officer is responsible for the other information. The other information comprises the information included in the annual report. The other information does not include the financial statements, the auditor's report and those selected programmes presented in the annual performance report that have been specifically reported in this auditor's report.

- 27. My opinion on the financial statements and findings on the reported performance information and compliance with legislation do not cover the other information and I do not express an audit opinion or any form of assurance conclusion thereon.
- 28. In connection with my audit, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements and the selected programmes presented in the annual performance report, or my knowledge obtained in the audit, or otherwise appears to be materially misstated.
- 29. I did not receive the other information prior to the date of this auditor's report. When I do receive and read this information, if I conclude that there is a material misstatement therein, I am required to communicate the matter to those charged with governance and request that the other information be corrected. If the other information is not corrected, I may have to retract this auditor's report and re-issue an amended report as appropriate. However, if it is corrected this will not be necessary.

### Internal control deficiencies

- 30. I considered internal control relevant to my audit of the consolidated and separate financial statements, reported performance information and compliance with applicable legislation; however, my objective was not to express any form of assurance on it. The matters reported below are limited to the significant internal control deficiencies that resulted in the findings on the annual performance report and the findings on compliance with legislation included in this report.
- 31. Management did not implement adequate record keeping controls to ensure that accurate, complete and relevant information is available and retrievable on a timely manner to support compliance with key legislation.
- 32. Management did not implement adequate controls to review and monitor compliance with the applicable laws and regulations, resulting in irregular expenditure being incurred, and payments not made within 30 days.

### NOTES TO THE ANNUAL FINANCIAL STATEMENTS

for the year ended 31 March 2020

### PART A: ACCOUNTING POLICIES

### Summary of significant accounting policies

The financial statements have been prepared in accordance with the following policies, which have been applied consistently in all material aspects, unless otherwise indicated. Management has concluded that the financial statements present fairly the department's primary and secondary information.

The historical cost convention has been used, except where otherwise indicated. Management has used assessments and estimates in preparing the annual financial statements. These are based on the best information available at the time of preparation.

Where appropriate and meaningful, additional information has been disclosed to enhance the usefulness of the financial statements and to comply with the statutory requirements of the Public Finance Management Act (PFMA), Act 1 of 1999 (as amended by Act 29 of 1999), and the Treasury Regulations issued in terms of the PFMA and the annual Division of Revenue Act.

### 1 Basis of preparation

The financial statements have been prepared in accordance with the Modified Cash Standard.

### 2 Going concern

The financial statements have been prepared on a going concern basis.

### 3 Presentation currency

Amounts have been presented in the currency of the South African Rand (R) which is also the functional currency of the department.

### 4 Rounding

Unless otherwise stated financial figures have been rounded to the nearest one thousand Rand (R'000).

### 5 Foreign currency translation

Cash flows arising from foreign currency transactions are translated into South African Rands using the spot exchange rates prevailing at the date of payment / receipt.

### 6 Comparative information

### 6.1 Prior period comparative information

Prior period comparative information has been presented in the current year's financial statements. Where necessary figures included in the prior period financial statements have been reclassified to ensure that the format in which the information is presented is consistent with the format of the current year's financial statements.

### **NOTES TO THE ANNUAL FINANCIAL STATEMENTS**

for the year ended 31 March 2020

### 6.2 Current year comparison with budget

A comparison between the approved, final budget and actual amounts for each programme and economic classification is included in the appropriation statement.

### 7 Revenue

### 7.1 Appropriated funds

Appropriated funds comprise of departmental allocations as well as direct charges against the revenue fund (i.e. statutory appropriation).

Appropriated funds are recognised in the statement of financial performance on the date the appropriation becomes effective. Adjustments made in terms of the adjustments budget process are recognised in the statement of financial performance on the date the adjustments become effective.

The net amount of any appropriated funds due to / from the relevant revenue fund at the reporting date is recognised as a payable / receivable in the statement of financial position.

### 7.2 Departmental revenue

Departmental revenue is recognised in the statement of financial performance when received and is subsequently paid into the relevant revenue fund, unless stated otherwise.

Any amount owing to the relevant revenue fund at the reporting date is recognised as a payable in the statement of financial position.

### 7.3 Accrued departmental revenue

Accruals in respect of departmental revenue (excluding tax revenue) are recorded in the notes to the financial statements when:

- it is probable that the economic benefits or service potential associated with the transaction will flow to the department; and
- the amount of revenue can be measured reliably.

The accrued revenue is measured at the fair value of the consideration receivable.

Accrued tax revenue (and related interest and / penalties) is measured at amounts receivable from collecting agents.

Write-offs are made according to the department's debt write-off policy

### 8 Expenditure

### 8.1 Compensation of employees

### 8.1.1 Salaries and wages

Salaries and wages are recognised in the statement of financial performance on the date of payment.

### NOTES TO THE ANNUAL FINANCIAL STATEMENTS

for the year ended 31 March 2020

### 8.1.2 Social contributions

Social contributions made by the department in respect of current employees are recognised in the statement of financial performance on the date of payment.

Social contributions made by the department in respect of ex-employees are classified as transfers to households in the statement of financial performance on the date of payment.

### 8.2 Other expenditure

Other expenditure (such as goods and services, transfers and subsidies and payments for capital assets) is recognised in the statement of financial performance on the date of payment. The expense is classified as a capital expense if the total consideration paid is more than the capitalisation threshold.

### 8.3 Accruals and payables not recognised

Accruals and payables not recognised are recorded in the notes to the financial statements at cost at the reporting date.

### 8.4 Leases

### 8.4.1 Operating leases

Operating lease payments made during the reporting period are recognised as current expenditure in the statement of financial performance on the date of payment.

The operating lease commitments are recorded in the notes to the financial statements.

### 9 Cash and cash equivalents

Cash and cash equivalents are stated at cost in the statement of financial position.

Bank overdrafts are shown separately on the face of the statement of financial position as a current liability.

For the purposes of the cash flow statement, cash and cash equivalents comprise cash on hand, deposits held, other short-term highly liquid investments and bank overdrafts.

### 10 Prepayments and advances

Prepayments and advances are recognised in the statement of financial position when the department receives or disburses the cash.

Prepayments and advances are initially and subsequently measured at cost.

<Indicate when prepayments and advances are expensed and under what circumstances.>

### 11 Payables

Payables recognised in the statement of financial position are recognised at cost.

### **VOTF 20**

### NOTES TO THE ANNUAL FINANCIAL STATEMENTS

for the year ended 31 March 2020

### **Capital Assets** 12

### 12.1 Movable capital assets

Movable capital assets are initially recorded in the notes to the financial statements at cost. Movable capital assets acquired through a non-exchange transaction is measured at fair value as at the date of acquisition.

Where the cost of movable capital assets cannot be determined reliably, the movable capital assets are measured at fair value and where fair value cannot be determined; the movable assets are measured at R1.

All assets acquired prior to 1 April 2002 (or a later date as approved by the OAG) may be recorded at R1.

Movable capital assets are subsequently carried at cost and are not subject to depreciation or impairment.

Subsequent expenditure that is of a capital nature forms part of the cost of the existing asset when ready for use.

### 13 **Provisions and Contingents**

### 13.1 Provisions

Provisions are recorded in the notes to the financial statements when there is a present legal or constructive obligation to forfeit economic benefits as a result of events in the past and it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate of the obligation can be made. The provision is measured as the best estimate of the funds required to settle the present obligation at the reporting date.

### 13.2 Contingent liabilities

Contingent liabilities are recorded in the notes to the financial statements when there is a possible obligation that arises from past events, and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not within the control of the department or when there is a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation or the amount of the obligation cannot be measured reliably.

IPID disclose contingent assets and liabilities in line with the approved contingent liability policy.

### Unauthorised expenditure

Unauthorised expenditure is recognised in the statement of financial position until such time as the expenditure is either:

- approved by Parliament or the Provincial Legislature with funding and the related funds are received; or
- approved by Parliament or the Provincial Legislature without funding and is written off against the appropriation in the statement of financial performance; or
- transferred to receivables for recovery.

Unauthorised expenditure is measured at the amount of the confirmed unauthorised expenditure.

for the year ended 31 March 2020

### 15 Fruitless and wasteful expenditure

Fruitless and wasteful expenditure is recorded in the notes to the financial statements when confirmed. The amount recorded is equal to the total value of the fruitless and or wasteful expenditure incurred.

Fruitless and wasteful expenditure is removed from the notes to the financial statements when it is resolved or transferred to receivables or written off.

Fruitless and wasteful expenditure receivables are measured at the amount that is expected to be recoverable and are derecognised when settled or subsequently written-off as irrecoverable.

### 16 Irregular expenditure

Irregular expenditure is recorded in the notes to the financial statements when confirmed. The amount recorded is equal to the value of the irregular expenditure incurred unless it is impracticable to determine, in which case reasons therefor are provided in the note.

Irregular expenditure is removed from the note when it is either condoned by the relevant authority, transferred to receivables for recovery, not condoned and removed or written-off.

Irregular expenditure receivables are measured at the amount that is expected to be recoverable and are de-recognised when settled or subsequently written-off as irrecoverable.

### 17 Changes in accounting estimates and errors

Changes in accounting estimates are applied prospectively in accordance with MCS requirements.

Correction of errors is applied retrospectively in the period in which the error has occurred in accordance with MCS requirements, except to the extent that it is impracticable to determine the period-specific effects or the cumulative effect of the error. In such cases the department shall restate the opening balances of assets, liabilities and net assets for the earliest period for which retrospective restatement is practicable.

### 18 Events after the reporting date

Events after the reporting date that are classified as adjusting events have been accounted for in the financial statements. The events after the reporting date that are classified as non-adjusting events after the reporting date have been disclosed in the notes to the financial statements.

### 19 Recoverable revenue

Amounts are recognised as recoverable revenue when a payment made in a previous financial year becomes recoverable from a debtor in the current financial year. Amounts are either transferred to the National/Provincial Revenue Fund when recovered or are transferred to the statement of financial performance when written-off.

for the year ended 31 March 2020

### 20 Related party transactions

Related party transactions within the Minister/MEC's portfolio are recorded in the notes to the financial statements when the transaction is not at arm's length.

The number of individuals and the full compensation of key management personnel is recorded in the notes to the financial statements.

### 21 Inventories (Effective from date determined in a Treasury Instruction)

At the date of acquisition, inventories are recognised at cost in the statement of financial performance.

Where inventories are acquired as part of a non-exchange transaction, the inventories are measured at fair value as at the date of acquisition.

Inventories are subsequently measured at the lower of cost and net realisable value or where intended for distribution (or consumed in the production of goods for distribution) at no or a nominal charge, the lower of cost and current replacement value.

The cost of inventories is assigned by using the weighted average cost basis.

### 22 Employee benefits

The value of each major class of employee benefit obligation (accruals, payables not recognised and provisions) is disclosed in the Employee benefits note.

for the year ended 31 March 2020

### **PART B: EXPLANATORY NOTES**

### 1. Annual Appropriation

### 1.1 Annual Appropriation

Included are funds appropriated in terms of the Appropriation Act (and the Adjustments Appropriation Act) for National Departments (Voted funds) and Provincial Departments:

### **NOTES TO THE ANNUAL FINANCIAL STATEMENTS**

for the year ended 31 March 2020

Contingent liability disclosed relates to litigation against the Department through summons. It is uncertain when the amounts will be settled due to the fact that cases are still at various stages in courts.

All cases disclosed above are claims against the Department, therefore reimbursement is not expected.

Due to the nature of IPID business, the Department experienced a high number of litigation cases which comes with summons. Full description of each case is provided in the annexure 3B of the Annual Financial Statements.

However it is impractical to provide an indication of the uncertainties relating to the amount or timing of any outflow in all disclosed cases.

Anticipated reimbursement for two officials who are claiming legal costs against the Department.

Reimbursement for two officials who are claiming legal costs against the Department for legal services that were rendered by their private appointed Attorneys. The expected timing resulting to the outflow of economic benefits could not be measured with reliability by the reporting date as it depends on their payment to the attorneys and the proof thereof to the Department for resettlement.

The provision was estimated based on the claim made to the department.
